## EDUCATION

---

### Graphic Era Hill University

*Bachelor of Technology in Computer Science and Engineering*

Uttarakhand , India

Aug. 2019 – June 2023

### Jaycees Public School

*Intermediate(C.B.S.E)*

Uttarakhand , India

Aug. 2018 – May 2019

## PROJECTS

---

**Lets Talk** | *React, Expressjs ,Nodejs , MongoDB*  
Sept 2023 – Jan 2024

[Github Repo](#)

- Developed a fully functional real-time chat application using React, Vite, Node.js, Express.js, and MongoDB.
- Implemented seamless one-on-one and group chat functionalities for instant communication.
- Provided user profile management with the ability to view and edit personal information.
- Enhanced user experience with integrated emoji support for expressive communication.
- Employed modern web development technologies to ensure a dynamic and interactive application.

**ShopIt** | *ReactJs ,Stripe , SpringBoot*  
May 2023 – Aug 2023

[Github Repo](#)

- This is a full stack web application for an e-commerce clothing website . The front end is created using React Js and used Tailwind for styling.
- Built RESTful APIs for core functionalities (products, users, orders). Leveraged Spring Boot for efficient backend development and JPA for data persistence.
- Built a user-friendly React frontend for product browsing, shopping cart, and checkout
- Utilized MVC architecture for organized and maintainable code , emphasized security and scalability throughout the development process.

**MealOpedia** | *Flutter , Dart ,Firebase*  
January 2023 – May 2023

[Github Repo](#)

- An app for helping the user to attain the detailed information about the meal. It provides features like video tutorials for cooking the meal ,different categories of meals, recipe and ingredients section too
- User can mark their favourite meal and check the marked meal after in the favourite section. Filter page is also their to filter the meal as per the user's requirements
- Used Dart language and flutter framework for the frontend and firebase for the cloud storage to store and fetch data to reduce storage overhead by 75% .
- Embedded YouTube player too for video tutorials and filter as per the choice of the user.

## ADDITIONAL INFORMATION

---

- Achieved 165th rank out of 25,000 participants in the Coding Ninjas Contest.
- Secured 325th rank out of 26,000 participants in the LeetCode Contest.
- 1856 leetcode contest rating (C++ ,Java) .

## TECHNICAL SKILLS

---

**Languages:** C ,C++,HTML,CSS,JavaScript ,Java,MySQL

**Frameworks:** ReactJs, NextJs , Flask,Flutter ,SpringBoot , Junit

**Development Skills:** Git, Microsoft Visual Studio,Firebase ,Object Oriented Design,Debugging,NoSQL
